

Floor Locks

Adjustable Height Floor Locks

This one of a kind floor lock includes an adjustable height foot pad that will work on carts with different caster heights. The adjustable height feature provides uniform locking and safe unlocking force for better ergonomic operation. This feature also keeps the floor lock working properly as spring and pads wear over time.

Height is adjustable by turning the bottom pad. Includes a bright zinc plated finish with heavy-duty cast steel construction. The bottom pad features suction-cups for extra grip. Patented Design.

| Part No. | Retracted Height |
|----------|------------------|
| 7014609 | 4-3/4" to 7" |
| 7014610 | 6-1/4" to 9-1/2" |

Floor Lock

- Automatically locks when operator pushes pedal
- Spring loaded back accomodates uneven floor
- Mounts with pad 1-1/2" off the floor

| Part No. | Mounting Height | Retracted Height |
|----------|-----------------|------------------|
| 7017234 | 18-7/16" | 16" |

Top Mount Floor Locks

Floor Locks may be used on platform trucks, fixture dollies, or equipment with casters. Simple foot pressure immobilizes equipment. Locks when large friction face is pressed against the floor. To release simply kick release rod. Brake is independent of casters and can be installed to any convenient location on the cart. Vertical mounting plate designed to mount to sides of carts and other portable products. The spring loaded pad accomodates uneven floors. Units mount with pad 1½" off the floor when retracted.

| Part No. | Mounting Height | Retracted Height |
|----------|-----------------|------------------|
| 7017227 | 9-15/16" | 8-7/8" |
| 7017230 | 5-5/8" | 4-5/8" |
| 7017231 | 7-3/4" | 6-1/4" |
| 7017232 | 7-1/4" | 6-1/4" |
| 7017233 | 7-3/8" | 8" |

Machine Rollers

Equiprite® Machine Roller Kits

- Ideal for moving heavy machinery
- Swivel locking diamond steel rotating top
- Kits include Heavy-duty metal crate, 4 rollers and two 35" handles

| Part No. | Roller Capacity |
