

**Lifting Hooks Cont.**

**CM® Clevlok Sling Hooks**

**100% Proof Tested**

Clevlok sling hooks must be matched to chain size and grade. Designed to be used with and directly affixed to Grade 80 chain. Load must be applied in line with clevis, placed firmly in the base (bowl-saddle) of the hook. Note: The latch is designed to retain such items as slings and chains under slack conditions only and is not intended to support the load.

- Made in USA

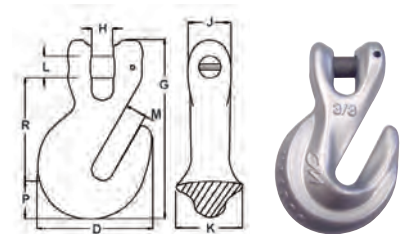

**For overhead lifting.**
