

## Half-Mask Respirators

### Advantage® 200LS Respirator

The Advantage 200LS respirator is unlike any other half-mask respirator you'll find. Offering unmatched fit and comfort, it's the first respirator to feature MSA's patented MultiFlex System, a soft, pliable combination of rubber and plastic that provides a virtually customized fit.

- Respirator that feels great on any face because it works to remove the pressure points from the face seal area
- MultiFlex System delivers exceptional stability-which means the Advantage 200LS respirator won't collapse during wear

Part No.	Mfg. No.	Type
0201854	815444	Half Mask Respirator
0201855	815448	Half Mask Respirator
0201856	815452	Half Mask Respirator

## Reusable Respirators

### Advantage® 3000 Respirators

The Advantage 3000 Full-Face Respirator incorporates MSA's global engineering expertise and is designed to meet NIOSH and EN standards. The respirator features a wraparound lens combined with a soft, pliable, silicone facepiece that provides a total solution to air-purifying respirator needs. For convenience, the Advantage 3000 uses the same cartridges and filters as the Advantage 200LS Respirator.

- Advantage 3000 enhances worker performance through a new design that allows even lower breathing resistance and includes a standard noseclip that reduces fogging in low temperatures or high humidity conditions
- Facepiece lens has a scratch-resistant coating and has been engineered to be optically correct, giving the worker superior visibility and peripheral vision
- Lens exceeds the ANSI Z87.1 2009 requirements
- Pre-adjustable straps give the worker the ability to set the position of the upper straps to receive a consistent fit, time after time
- Preset upper straps also prevent uncomfortable snags and provide a tighter, more secure seal

Part No.	Mfg. No.	Type
1005594	10028995	Full Mask Respirator
1005596	10028997	Full Mask Respirator

## Cartridges & Filters

### Advantage Respirator Cartridges

The Advantage Line of Particulate, chemical, and combination cartridges is NIOSH-certified (to 42 CFR, Part 84) and provides lightweight, low profile performance. Cartridges fit both 200 LS Half-Mask and 3000 and 4000 Full-Facepiece Advantage Respirators.

- Intermittent respirator use
- Dirty applications where respirators wear out or become difficult to clean in a short time
- Lightweight design
- Package quantity of 2

Part No.	Mfg. No.	Cartridge Designation	Type
0201866	815364	P100	Gas Cartridge
0201873	815369	P100	Particulate Filter
0201857	815355	Organic Vapor	Gas Cartridge
0201858	815356	GMB	Gas Cartridge
0201859	815357	Chlorine, Chlorine Dioxide, Hydrogen Chloride, Hydrogen Sulfide	Gas Cartridge
0201861	815359	GME	Gas Cartridge
0201870	815366	P100	Gas Cartridge

## Filters & Covers

### Advantage 200LS and 3000 Filters and Covers

- Do not use in atmospheres containing less than 19.5% oxygen, in atmospheres containing gases or vapors or in atmospheres immediately dangerous to life and health
- Do not wear for protection against organic vapors with poor warning properties or those which generate high heats of reaction with the sorbent material in the cartridge
- 99.97% efficient against 0.3 micron DOP:z

Part No.	Mfg. No.	Filter Type	Type	Pkg. Qty.
0201877	815401	R95	Pre-Filter Cover	2 Pk
0201876	815397	R95	Pre-Filter	20 Pk
0201874	815392	N95	Pre-Filter Cover	2 Pk
0201875	815394	N95	Pre-Filter	10 Pk

## Escape Respirators

### 7902 Emergency Escape Mouthpiece Respirator

- Mouthbit respirators offer a quick and economical method to escape non-IDLY emergency situations
- Large, soft and flexible nose pads hold securely without pinching
- Wider nose clip fits a variety of facial types
- Silicone mouthpiece is more comfortable to wear over long periods

Part No.	Mfg. No.	Style
1021573	7902	Mouth Bit - Cartridge

## Fit Test Kits

### Irritant Smoke Qualitative Fit Test Kit

Part No.	Mfg. No.	Type
1025283	770040	Fit Test Kit

## Respirator Cleaning Kits

### Respirator Cleaning Pads

- Available in Alcohol and Alcohol Free Pads
- Large 5"x8" individually foil-packaged towelettes
- 100 towelettes per box
- Box can be wall mounted
- 1001308 contains 70% Isopropanol and can be used on silicone mask
- 1001318 contains Benzalkonium Chloride for use on rubber mask

Part No.	Mfg. No.	Chemical Base
1001308*	1001	70% Isopropanol

\*Manufactured by a Veteran-Owned Business.

### Respirator Cleaning Wipes

Used to clean 3M Elastomeric Facepiece Respirators. Individually packed 8" x 10" towelettes are alcohol free and will not damage the facepiece materials.
