Titan™ Non-Stretch Full Body Harness

The Titan Full-Body harness is constructed of lightweight, durable webbing for all day comfort and dependability with trilingual labeling and instructions.

- Safety gold color
- One universal size fits most
- Features mating buckles throughout, sub-pelvic strap and sliding back D-ring

DuraFlex® Stretchable Harnesses

DuraFlex® webbing is a specially formulated elastomer that stretches. Flexible, lightweight and soft, harnesses feature solid colored leg straps and conform to the shape of each worker, stretching with every movement. No bunching, binding or kinking. No cutting into shoulders or legs. These bright green harnesses are stylish and readily visible from a distance. Injection molded Santoprene® back D-ring pad is soft and flexible to enhance comfort and durability. Labeling includes inspection tag and space for personal identification. One universal size fits most. Green in color.
