**Snow Blower Floor Mats**

**Protective Floor Mat**

The Heavy-duty Protective Floor Mat is designed to provide a protective layer between your Sno-Thro and flooring surfacing during storage. The durable rubber mat is made out of textured recycled materials and has a raised edge to keep melting snow maintained. Your floor surface is protected from gas, oil, rust spots and scratches. The mat is nine square feet, making it suitable for most Sno-Thro models.

- Heavy-Duty
- Raised Edges to Protect Floor
- Protects Floor From Gas, Oil or Scratches
