

## Pressure Gauges

### Tridicator Gauges

Used to measure both pressure and temperature on the same dial face.

- Pressure and temperature readings on the same dial face
- Durable steel case
- Brass wetted parts
- Dual scale (PSI/KPA & F/C)
- 2" brass stem

Hot water and steam pressures for boilers

Part No.	Connection Size	Working Pressure	Pressure Accuracy	Temperature	Display Type	Accuracy	Pressure Range
0484016	1/4" NPT Back With Lag Extension	75% of Full Scale	+/-3-2-3%	30F - 250F	2.5" Dial	+/-3-2-3%	0-75 psi/kPa
0484019	1/4" NPT Back	75% of Full Scale	+/-3-2-3%	30F - 250F	2.5" Dial	+/-3-2-3%	0-75 psi/kPa
0484020	1/2" NPT Bottom	75% of Full Scale	+/-3-2-3%	30F - 250F	3" Dial	+/-3-2-3%	0-200 psi/kPa
0484021	1/2" NPT Back	75% of Full Scale	+/-3-2-3%	30F - 250F	3" Dial	+/-3-2-3%	0-200 psi/kPa
0484023	1/2" NPT Bottom	75% of Full Scale	+/-3-2-3%	30F - 250F	3" Dial	+/-3-2-3%	0-100 psi/kPa

### 3/4" FNPT Steel Gas Pressure Gauges

Economical pressure gauge and valve body used for pressure testing.

- 2" Dial
- Test body with pressure bleed port
- 3-2-3% Accurate
- CRN Registered

Residential & commercial pressure testing of gas lines

Part No.	Pressure Range	Working Pressure	Temperature
0484112	0-15 psi/kPa	75% of Full Scale	-40F - 150F
0484113	0-30 psi/kPa	75% of Full Scale	-40F - 150F
0484114	0-60 psi/kPa	75% of Full Scale	-40F - 150F
0484115	0-100 psi/kPa	75% of Full Scale	-40F - 150F

### 3/4" Swivel Hose Water Pressure Gauges

Economical pressure gauge and valve body used for pressure testing.

- 2.5" Dial
- Top mounted for easy to read dial face
- 3/4" Female swivel hose adapter that fits most water spouts
- 3-2-3% Accurate
- CRN Registered

Residential & commercial pressure testing water lines

Part No.	Pressure Range	Working Pressure	Temperature
0484116	0-160 psi/kPa	75% of Full Scale	32F - 150F
0484117	0-300 psi/kPa	75% of Full Scale	32F - 150F

## Siphons

### Schedule 40 Steel Syphon Tube

Coil syphon used to reduce the process temperature to the instrument

- Welded construction
- 1/4" Male connections
- 180 Degree coil

Recommended for instruments going into service over 100 degrees F.

Part No.	Operating Pressure	Temperature
0484223	175 psi max	340F max

## Thermowells

### Thermowells

- 3/4" NPT Process Connection Size
- 7/16" Taper Bore Size
- 3.5" Stem Size

Part No.	Style
4200105	Stepped
4200106	Stepped with Lag

## Calibration Kits

### Electric Pressure Calibrator

Pressure: 100 psi; Bar: 7; Pump: Electric; Pressure Measurement Accuracy: 0.00025; Source and measure mA accuracy: 0.00015; Warranty: 3 years; Shock: 1 meter drop test

Part No.	Height	Length	Width
0727486	3.25"	10"	7.75"

## Tester Probes

### SUREGRIP Air Temperature Probe

Part No.	Range	Style
0727739	-40C - 816C	Type K

### SUREGRIP Tapered Temperature Probe

Part No.	Range	Style
0727741	-40C - 816C	Type K

Part No.	Style
0727855	Type J Lance Tip

### SUREGRIP Piercing Temperature Probe

Part No.	Style
0727872	Type K

## HVAC Multimeters

### Fluke -116 HVAC Multimeter

Part No.	Temperature	Power Supply	Specification	Contents
0701762	-10C - 50C	9V Battery	EN61010- 1 CAT III 600V, UL, CSA, TV and VDE listed	Electrical Tester, 9 V Battery, Owners Manual, Test Leads
