

Cable Ties Cont.

Dome-Top® Barb Ty Cable Ties

- Dome-Top head features unique patented design with round, smooth edges
- Stainless steel locking barb provides infinite adjustability through entire bundle range
- High strength and low thread force
- Available in a variety of materials

Ultra-Cinch™ Hook & Loop Ties

Convenient hook and loop ties in a variety of stock-length or continuous length configurations. These handy hook and loop cable ties are very easy to release and reuse, making them ideal for applications where changes are anticipated or continuous access is required. These products are also great for applications where over tightening is a concern and they will not pinch or abrade wires.

- Hooks and loops on same side allows user to secure a greater range of bundle diameters, including smaller bundles
- Low profile contoured cinch ring reduces overall bundle size
- Hook and loop material maintains network data integrity by protecting against over-tensioning of high performance copper and fiber cables
- Adjustable, releasable and reusable hundreds of times

| Part No. | Mfg. No. | Color | Length | Maximum Diameter | Pkg. Qty. |
|----------|----------|----------|--------|------------------|-----------|
| 0710222 | HLC3S-X0 | Black UV | 12" | 3.000" | 10 |
| 0710223 | HLC5S-X0 | Black UV | 18" | 5.000" | 10 |

Tak-Ty® Hook & Loop Cable Ties - Strip Ties and Rolls

- HLS (Strip Ties) are perforated in convenient 6" or 12" strips
- HLM/HLS (Rolls) are continuous; cut to length
- HLT Loop Ties have slot that allows for pre-wrapping of bundles; X-Out allows for use with #10 truss head screw

| Part No. | Mfg. No. | Color | Length | Bundle Size | Pkg. Qty. |

Mounting Devices

Cable Tie Mounting Devices

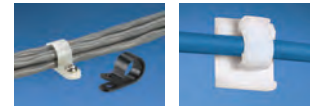

- Mounts, as featured here, allow cable tie entry from all four sides and are available in multiple sizes to match application load requirements
- Panduit also offers clips and clamps that can be used without cable ties to lower inventory and speed installation

Mechanically Applied Mounts

- Unique cradle design provides maximum stability for the cable bundle
- Snivel mounts can be used to join bundles of cable, tubing, or hoses that may need to move or are not parallel
