

Cable Ties

**Pan-Steel® Stainless Steel Ties
Cable Ties - MLT Series**

- Smooth surfaces and rounded edges assure cable protection and worker safety
- Self-locking head design speeds installation and locks into place at any length along the tie body
- 304 Stainless Steel for general purpose applications

Installation Tools

Cable Tie Installation Tools

Part No.	Mfg. No.	Application
0711817	STS2	Install miniature, intermediate and standard cross section cable ties, user controlled tension and cut-off
0711818	STH2	Install standard, heavy-standard, light-heavy and heavy cross section cable ties, user controlled tension and cut-off
0711819	GS4H	Install standard, heavy-standard, light-heavy and heavy cross section cable ties, tool controlled tension and cut-off
0711820	GS4EH	Install light-heavy, heavy and extra-heavy cross section cable ties, tool controlled tension and cut-off
0711821	GTS	Installs subminiature, miniature, intermediate and standard cross section cable ties, tool controlled tension and cut-off
0712976	GTH	Install standard, heavy-standard, light-heavy and heavy cross section cable ties

Cable Ties

Cable Ties

TyRap® High Performance cable ties provide industrial strength for the most demanding work.

- Stainless steel locking device in the head secures tie with longer-lasting, corrosion-resistant "grip of steel"
- Oval, low profile head prevents snagging while pulling through bulkheads
- No sharp edges to be the source of installation injuries or to damage the wire insulation
- Smooth, notchless body reduces stress concentration points under tension, making the tie stronger and lower profile than notched body ties.
- Ribbed and stippled inner body prevents slipping on the bundle and provides infinite adjustability within the bundle range.

Color - Black UV					
Part No.	Mfg. No.	Length	Maximum Diameter	Tensile Strength	Pkg. Qty.
0719746	TY23MX	4"	0.625"	18 lb	1000

Cable Ties

Assorted Nylon Cable Ties

Catamount® Cable Ties fit the needs of general-purpose fastening. Installers quickly discover that Catamount® products offer durable and value-priced cable bundling for a variety of commercial and residential construction applications. Catamount® Ties are offered in a wide range of sizes, styles and colors and meet listing requirements for most electrical fastening projects. A choice of matching tools are also offered to provide quick and reliable installations.
