

Cord Connectors

Liquid Tight Straight-Thru Fittings

- NPT Threaded or PG Style w/Nut Designs
- Nylon construction with TPE gland
- IP 68 rated
- Pullout resistance superior to competitors
- Large cable ranges for consolidating part numbers

NOTE: Nut may NOT be included. Check Application.

Description - With Nut

Strain Relief Cord Connector Grips For Plugs and Connector Bodies

Kellems® I-Grips will fit 2, 3, 4 and 5 wire Hubbell Insulgrasp® plugs and connector bodies. The eye tabs fit under the nylon cord clamp and the screws slide through the eyelets, securing the grip in place. These grips are for indoor use only.

- Easily attached to Insulgrasp plugs and connector bodies
- Controls cable arc-of-bend
- Provides heavy-duty strain relief
- Fits all sizes

Type - Dust Tight Connector Grip Style - Insulated

Kellems® Single Eye Standard Duty Support Grips

- Single Eye Mesh Grips For permanent support when cable end is available to be installed through grip.
- Solid eye assemblies provide eye reinforcement at support
- Identification tag shows: catalog number, diameter range, agency approval and bar code
- The strand equalizer positions wires for equal loading throughout the entire grip length
- The positive action mesh grip is designed for light duty up to Heavy-duty. Closed grips fit over the cable end, split grips wrap around the cable mid-span. The standard material is nonmagnetic, tin-coated bronze. Selected items are available in stainless steel. For exceptional immunity to rust and corrosion with superior strength and flexibility for Heavy-duty support application in harsh environments.
- The endless weave provides easy installation onto cable and can be easily repositioned.

Nylon Straight Male Liquid Tight Connectors

- PolyTuff® Non-Metallic Liquidtight Fittings
- Nylon two-piece swivel body enables fitting to twist from 0° to 90°
- Non-integral ferrule provides conduit seal and superior pullout protection
- Nylon compression nut has a tapered dome to tighten ferrule onto conduit
- Neoprene O-ring provides liquidtight seal at hub or enclosure
- Nylon locknut fastens connector securely to enclosure and provides
- Nylon locknut fastens connector securely to enclosure and provides superior corrosion resistance.
