

Cord Connectors

Straight Deluxe Cord Grips, Strain Relief w/Mesh

- Endless weave provides easy cable/flexible conduit installation
- Stainless steel mesh is corrosion resistant. Can be used inside or outside. It eliminates cable or flexible conduit pull out and reduces costly downtime.
- Multiweave grip gives cable arc-of-bend control minimizing cable damage and extending cable life. It is the strongest strain relief device available. Meets and exceeds all code requirements; prevents cable/conduit pull-out.
- A liquidtight fitting is available with both cable and conduit fittings; prevents liquids from running through the fitting into the enclosure.
- An N.P.T. and PG threaded body allows easy attachment to either threaded hub or knock-out box.

Part No.	Mfg. No.	Size	Cable Size
0731385	07401004	1/2"	0.187" - 0.250"

Cable Pulling Grips

Service Drop Support Grips Closed Mesh, Light Duty, Single Eye, Single Weave

- For permanent support when cable end is available to be installed.
- Solid eye assemblies provide eye reinforcement at support hardware.
- Four eye styles available: single (shown), double, universal, and offset.
- Identification tag shows: catalog number, diameter range, agency approval, and bar code.
- The strand equalizer positions wires for equal loading throughout the entire grip length.
- The positive action mesh grip is designed for light duty up to Heavy-duty. Closed grips fit over the cable end, split grips wrap around the cable mid-span. The standard material is nonmagnetic, tin-coated bronze. Selected items are available in stainless steel. For exceptional immunity to rust and corrosion with superior strength and flexibility for Heavy-duty support application in harsh environments.
- The endless weave provides easy installation onto cable and can be easily repositioned.

Part No.	Mfg. No.	Cable Diameter	Length	Work Load Limit
0730974	2216002	0.23" - 0.31"	9-1/4"	290 lb
0730975	2216003	0.29" - 0.37"	10-1/4"	500 lb
0730976	2216004	0.35" - 0.44"	10-1/2"	500 lb
0730977	2216005	0.41" - 0.50"	11-1/4"	660 lb
0730978	2216006	0.46" - 0.56"	13-1/4"	790 lb
0730980	2216008	0.52" - 0.62"	13-3/4"	790 lb

Galvanized Single Eye Junior Pulling Grips

Junior Pulling Grips feature a strong galvanized steel, single weave mesh. A flexible eye easily attaches to a pulling line, snake or fish tape.

- Flexible or rotating eyes will mate easily with line stringing swivels for attachment to pulling lines. They have great strength for trouble free pulling jobs
- Shoulder protectors contain the cable inside the grip and smooth the passage of the grip over line stringing blocks or conduit bends. They protect the leading edge of the grip from abrasion
- The galvanized steel mesh grip provides strength for secure pulling jobs and a slim profile with little build-up. It has flexibility to follow cable path
- The multiweave styles available add strength for big pulling jobs and provide positive gripping power
- Endless weave allows easy installation onto cable. It has a snag-free low profile. Designed to be a reusable tool

0731268 - 6-grip kit (1 each of 0731261, 0731262, 0731263, 0731264, 0731265, 0731266)

Part No.	Mfg. No.	Cable Diameter	Length	Work Load Limit
0731261	3305001	0.25" - 0.36"	7-1/2"	450 lb
0731262	3305002	0.37" - 0.49"	10-3/4"	900 lb
0731263	3305003	0.50" - 0.61"	13"	1300 lb
0731264	3305004	0.62" - 0.74"	15"	1950 lb
0731265	3305005	0.75" - 0.99"	15-3/4"	2800 lb
0731266	3305006	1.00" - 1.24"	18"	3900 lb
