**Concrete Saver® TurboKrete® Concrete Patching Compound**

The ultimate high performance epoxy patch kit for repairing damaged concrete and filling deep holes. The high performance, 100% solids epoxy formulation protects against abrasion, impacts and most chemicals and allows for application during business hours. Repairs damaged concrete, fills deep holes and restores damaged curbs and severely spalled floors.

- 3-4 times stronger than concrete
- Easy-mix, trowel-applied fast-cure formula
- Ready for foot traffic in 1-1/2 to 4 hours after applied
- Vehicle traffic in 6-8 hours
- 0.3 Cu. Ft Kit. Smaller kits also available.

Uses: Indoor or outdoor to repair damaged concrete, curbs and repair severely spalled floors.
