

Adhesive Activators & Primers

Loctite® 770™ Prism® Primer

An adhesion promoter formulated for use with polyolefins and other low-energy surfaces. Use with Loctite® brand cyanoacrylate adhesives. Features fast dry time and long on-part life.

Part No.	Mfg. No.	Container Size	Container Type	Working Time	Type	Application
0150256	18396	1.75 oz	Bottle	8 hr	Adhesive Primer	Plastic, Rubber

Loctite® 712™ Tak Pak® Accelerator

This accelerator, with aggressive cleaning properties, promotes the cure speed of all Loctite® brand cyanoacrylate adhesives.

Part No.	Mfg. No.	Container Size	Container Type	Type	Application
0150253	18636	0.7 oz	Aerosol	Adhesive Activator	Printed circuit board wire tacking and tamper-proofing of adjustable components

Loctite® 7452™ Tak Pak® Accelerator

Increases cure speed of Loctite® instant adhesive and has aggressive cleaning properties. Excellent for cosmetic applications, for clear and transparent adhesive beads or fillets. Suitable for securing wires or coils to PCBs. On-part life of 1 minute. Acetone base.

Part No.	Mfg. No.	Container Size	Container Type	Type	Application
0150275	18580	1.75 oz	Bottle	Adhesive Activator	Electronic Assembly
0150278	18637	0.7 oz	Aerosol	Adhesive Activator	Electronic Assembly

Aron Alpha® Adhesion Accelerator Acetone

Acetone-based adhesion accelerator for general purpose use with Cyanoacrylate instant adhesives.

Part No.	Mfg. No.	Container Size	Container Type	Working Time	Type	Application
0606392	AA705	10 oz	Aerosol	1 min	Adhesive Activator	Extremely fast cure of cyanoacrylate, fill gaps on acidic and porous surfaces

Aron Alpha® PP Primer Heptane

Heptane-based substrate preparation primer for optimal bonds in polypropylene and related plastics.

Part No.	Mfg. No.	Container Size	Container Type	Working Time	Type	Application
0606391	AA673	100 mL	Bottle	8 hr	Adhesive Primer	Prepares substrates for optimal adherence

Glue

TALON™ Contractor's Grade Adhesive

- Permanent bond
- High contact strength
- Use on wood, metal, glass, plastic and laminate

Part No.	Container Size	Net Fill
0616828	20 oz	14 oz

3M® Foam Fast 74 Spray Adhesive

3M® FoamFast 74 Spray Adhesive quickly bonds flexible urethane or latex foams to themselves and many other lightweight materials. Bond reaches foam-tearing strength with a soft, non-dimpling bond line. Available in either aerosol or economical 47.7 Lbs. (28.8 Lbs. net wt.) cylinders. VOC-compliant.

Part No.	Container Size	Container Type	Color	Application
0602177	24 oz	Aerosol	Orange	Metal, Plastic, Wood
0602179	24 oz	Aerosol	Clear	Metal, Plastic, Wood
0602178	28.8 lb	Cylinder	Clear	Metal, Plastic, Wood

3M® Hi-Strength 90 Spray Adhesive

3M® Hi-Strength 90 Spray Adhesive typically bonds in 60 seconds compared to 15-20 minutes for many typical bulk contact adhesives. Strength increases to an ultimate 230 psi in shear strength and 25 piw in peel resistance. Available in aerosol or economical 47.7 Lbs. (28.8 Lbs. net wt.) cylinders. VOC-compliant.

Part No.	Mfg. No.	Container Size	Application
0600477	00021200300233	17.6 oz	Concrete, Foam, Metal, Plastic, Wood

3M® Super 77™ Multi-Purpose Spray Adhesive - Low VOC

- Fast, aggressive tack holds materials together on contact, such as paper, cardboard, felt and cloth to painted or unpainted metals, wood and more
- Low soak-in provides a secure, long-lasting bond. Adhesive stays on the surface where it belongs
- Long bonding range gives you up to 15 minutes to make a bond

Part No.	Mfg. No.	Container Size
660000-130699	00021200212109	16.75 oz
