

Caulks & Sealants

Loctite® 574™ Flange Sealant

Seals close fitting joints between rigid metal faces and flanges. Because it is fast curing, it provides resistance to low pressures immediately after assembly of flanges.

Part No.	Mfg. No.	Color	Type
0150423	24018	Orange	Flange Sealant

Loctite® 573™ Flange Sealant

Medium strength sealant that seals close fitting joints between rigid metal faces and flanges.

- It is typically used as a form-in-place gasket on rigid flanged connections, e.g., gearbox and engine casings, etc.

Part No.	Mfg. No.	Container Size	Color	Type
0150438	26392	250 mL	Green	Flange Sealant

Loctite® RTV Silicone Flange Sealant

Superior flexibility and adhesion. Excellent fluid resistance. Noncorrosive, low odor, low volatility.

- 5900 (0150228), 5910 (0150391)

Part No.	Mfg. No.	Container Size	Color	Type
0150391	21746	300 mL	Black	Flange RTV Sealant

Foam Sealants & Accessories

Touch 'n Seal® Foam

The easiest, most economical way for the professional to seal and insulate is polyurethane foam. This dispensing system allows the applicator to fill hard-to-reach places. Meets CABO, BOCA, CCMC, ICBO, and SBCCI codes. Contains no CFC's.

Touch'n Seal Quick Cure High Yield Benefits

- High yield-2400 linear feet of 1/4" diameter bead from 24 oz. can
- 10 lb. cylinder, 15,300-1/4" bead, 16 lb. cylinder 24,400 bead
- Quick 45 minute curing time, saves time and money on each job
- Minimal expanding foam sealant
- Contains fire retardant-self extinguishing in absence of flame source (not to be used as a firestop)
- UL marking shown on product
- Designed for Residential and Commercial Applications

Part No.	Mfg. No.	Container Size	Color
63800	4004521212	12 oz	White
63801	4004521224	24 oz	White
63806	40045 18100	10 lb	White
63807	40045 18160	16 lb	White

Touch 'n Seal® Gun Foam II

One component polyurethane foam sealant which allows ease and confidence in application. The most efficient means of dispensing foam. The gun foam system offers the greatest control, maximum accuracy, and unlimited range of applicator motion. Professional system designed to eliminate drips, and half used cans. Designed to be used day after day. Designed for commercial and residential applications.

Gun Foam II is a Type V residential fireblock. "All Season" formula available for use all year round including cold weather conditions. "No Warp" foam is designed for use around doors and windows. Also available in black upon request.

Part No.	Mfg. No.	Container Size	Color	Type
63802	4004528712	24 oz	Orange	Foam Sealant

No Warp Gun Foam

A bright white, no pressure window and door sealant that conforms to AAMA standard #812-04. Touch 'n Seal No-Warp foam exerts up to 90% less pressure and drops to zero pressure faster than the leading competition. Will not warp window frames or door jambs. Foam will not chalk and remains pliable when cured for very easy trim. Tested to ASTM E-84 for residential and commercial applications.

Part No.	Mfg. No.	Container Size	Color	Type
0204720	4004529712	20 oz	White	Foam Sealant

Touch 'N Seal® Foam Sealant

Part No.	Mfg. No.	Container Size	Color
0223947	4004529813	24 oz	Black
63809	4004529812	24 oz	Cream

Fastenal can provide custom, weld-to-length band saw blades fabricated to your precise specifications, tested for quality and delivered to you.
