CPDS Series 2 Constant Pressure Dispensing System

The convenience of disposable foam kits meets the efficiency of bulk systems in the new CPDS™ Series 2 from Touch 'n Seal. The CPDS Series 2 is a portable, constant pressure spray foam dispensing system that dispenses Class I fire retardant, thermal insulating and sound attenuating 2-component polyurethane spray foam - up to 2-1/2 times as fast as foam kits. With minimal investment and training the CPDS Series 2 offers an ideal opportunity for business start-up or service expansion. And with less trash, less chemical waste, disposable cylinders, and no ozone depleting chemicals, means you can also feel good about your impact on the environment.
