## Entrance Mats

### Trooper™ Molded-Rubber Fingertips Entrance Mat

Ideal for extreme outside conditions, the Trooper's™ fingertip construction easily cleans mud or snow off the shoes. Flexible "fingers" scrape dirt, then deposit it below the walking surface. Often matched with water absorbing indoor carpets. All mats are 1/2" thick.

## Rodent & Animal Repellants

### Roost Inhibitor

Bird Proof Gel is a long lasting, non-toxic, tacky bird repellent for use on ledges, sills, beams, rafters and hundreds of other indoor and outdoor locations where "nuisance birds" alight or roost. Bird Proof repellent can effectively discourage pigeons, starlings, house sparrows and certain other nuisance birds from roosting on or returning to a treated area for up to one year.

- Bird and Pest control lowers health and safety risks while saving money with "green" solutions.
- Reduce the risk of disease for employees and customers.
- Save money and resources otherwise spent on cleaning up bird droppings.
- Reduce financial liability from slips or falls from bird droppings.
- Lengthen the usable life of equipment
- Provide a good public image for employees and customers.
- Coverage Area is 120 Sq Ft.

Apply with a caulking gun, indoors or out.

Application Temperatures: 65 - 85°F; Gel Form up to 200°F

Part No.	Mfg. No.	Container Size	Physical Form
0612543	BP-CART	10.5 oz	Gel

### Bird Repellent

Bird Stop is a food-grade taste aversion agent, made from the skins of concord grapes (active ingredient is methylanthranilate). This substance renders food sources unpalatable to birds and irritates their trigeminal systems (similar to our sense of smell).

- Bird and Pest control lowers health and safety risks while saving money with "green" solutions.
- Reduce the risk of disease for employees and customers.
- Save money and resources otherwise spent on cleaning up bird droppings.
- Reduce financial liability from slips or falls from bird droppings.
- Lengthen the usable life of equipment
- Provide a good public image for employees and customers.
- Coverage Area is 1500 Sq Ft - 1 Acre

Application: For use on: Structures, Roof, Interior/exterior Walls, Siding, Statues, Bridges And Other Sites - Even Nests! Also Deters Birds And Geese From Turf, Boat Docks And Marina Areas, Fruit, Trees, Orchards, Crops, Farmland, Fields. Spray-On.
