

Rodent & Animal Repellants Cont.

Animal Repellent

Organic granules are sprinkled once a week in and around areas where animals are causing damage and or in areas you want to protect. Repels over 20 different types of pests.

- Bird and Pest control lowers health and safety risks while saving money with "green" solutions.
- Reduce the risk of disease for employees and customers.
- Save money and resources otherwise spent on cleaning up bird droppings.
- Reduce financial liability from slips or falls from bird droppings.
- Lengthen the usable life of equipment
- Provide a good public image for employees and customers.

Application: Shake in ground and garden areas to be treated for target pests.

Part No.	Mfg. No.	Container Size	Container Type
0612550	ND-10012C	22 oz	Shaker
0612551	ND-10050C	5 gal	Pail

Bird Netting

Prevent bird infestation in facilities and degradation of vineyards, orchards, and other crops as enclosures covered by bird netting allow light and moisture in. Useful for any situation where birds need to be excluded from an area.

- Lightweight, pliable, and UV stabilized
- 10 year warranty
- Won't deteriorate or lose strength with age or exposure
- Bird and Pest control lowers health and safety risks while saving money with "green" solutions.
- Reduce the risk of disease for employees and customers.
- Save money and resources otherwise spent on cleaning up bird droppings.
- Reduce financial liability from slips or falls from bird droppings.
- Lengthen the usable life of equipment
- Provide a good public image for employees and customers.

Application: Seal off all structural openings to keep out birds and small animals.

Part No.	Mfg. No.	Size	Color	Material	Opening Size	Break Strength
0612523	NET-PE-50-50	50 ft x 50 ft	Black	Polyethylene Mesh	3/4"	52 lb / Strand

Electronic Bird Repeller

The Broadband Pro® is a full-featured bird control system that gets rid of seagulls, pigeons, sparrows, starlings and other stubborn bird infestations with a comprehensive, multi-faceted audio attack.

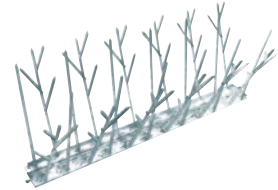

- 5"W x 9"L x 9"H
- Controls bird pests with ultrasonic and sonic signals
- Has a series of species-specific distress cries and predators' noise
- Can be used on ultrasonic, sonic, or both
- Includes 3 visual predators: Terror Eyes, Prowler Owl, and Irri-Tape
- Bird and Pest control lowers health and safety risks while saving money with "green" solutions.
- Reduce the risk of disease for employees and customers.
- Save money and resources otherwise spent on cleaning up bird droppings.
- Reduce financial liability from slips or falls from bird droppings.
- Lengthen the usable life of equipment
- Provide a good public image for employees and customers.
- Decibels: Ultrasonic Sounds 0 - 102 dB per Speaker at 1 M / Sonic 105 - 110 dB per Speaker at 1 M
- Polycarbonate Weatherproof Encasement

Application: For indoor or outdoor use.

Part No.	Mfg. No.	Frequency	Coverage Area	Wattage	Voltage	Cord Length	Contents
0612526	BB-PRO	Ultrasonic 15 - 25 kHz / Sonic 3 - 5kHz	10000 sq ft (ultrasonic) / 6 acre (sonic)	12	110 / 220	50 ft	(4) Speakers with 100 ft wire and mounting kit

Bird Spikes

Bird-X Spikes have been used on buildings and structures worldwide to eliminate the roosting and nesting surfaces of pest birds. Birds avoid landing on spikes as humans avoid walking on a bed of nails. These spikes are not lethal, just extremely irritating, intimidating, and uninviting.

- Bird and Pest control lowers health and safety risks while saving money with "green" solutions.
- Reduce the risk of disease for employees and customers.
- Save money and resources otherwise spent on cleaning up bird droppings.
- Reduce financial liability from slips or falls from bird droppings.
- Lengthen the usable life of equipment
- Provide a good public image for employees and customers.
- Snap in place connections.

Application: Easy to attach to any surface with screws, nails, wire, or adhesive. Use on edges, beams, rafters, railings, a/c units, signs, windowsills, gutters, perimeters, chimney, awnings, poles, lights, trusses, building projections

Part No.	Mfg. No.	Length	Height	Material	Contents
0612516	SP-100	100 ft	4.5"	Recycled Polycarbonate	(100) 1 ft Sections
0612520	STS-100	100 ft	4.5"	Stainless Steel	(50) 2 ft Sections

Goose Repellent

The GooseBuster® is a full-featured sonic goose control system that gets rid of stubborn infestations with an audio attack. This automated sound system uses four speakers to broadcast sound waves and audio signals. The sounds confuse, disorient, and intimidate pest birds to quickly scare them away from the effective area up to 7 Acres.

- 5"W x 9"L x 9"H
- Bird and Pest control lowers health and safety risks while saving money with "green" solutions.
- Reduce the risk of disease for employees and customers.
- Save money and resources otherwise spent on cleaning up bird droppings.
- Reduce financial liability from slips or falls from bird droppings.
- Lengthen the usable life of equipment
- Provide a good public image for employees and customers.

Uses goose alert and alarm calls naturally recorded in the wild to warn Canadian geese of danger in the area. Geese evacuate without waiting to identify the source of the sound. For outdoor use.

Part No.	Mfg. No.	Decibels	Frequency	Amps	Wattage	Voltage	Cord Length	Contents
0612545	GB	0 - 110 dB at 1 M	500 - 1500 Hz	1	12	110 / 220	50 ft	(4) Speakers with 100 ft wire and mounting kit

Indoor Pest Repellent

This low-profile electronic pest repeller uses quiet ultrasonic sounds to evict Mice, Bats, Spiders, cockroaches and Crawling Insects. Works well in your Kitchen, Garage, Basement, Workshop, Shed or Attic. The Transonic PRO is a cost-effective, easy solution to your pest problem.

- 3"W x 6"L x 3"H
- Bird and Pest control lowers health and safety risks while saving money with "green" solutions.
- Reduce the risk of disease for employees and customers.
- Save money and resources otherwise spent on cleaning up pest droppings.
- Lengthen the usable life of equipment
- Provide a good public image for employees and customers.

Application: Sonic and ultrasonic sounds repel fleas, ticks, crawling insects, flying insects, spiders, mice, rats, bats, and other pest animals. For indoor or outdoor use.

Part No.	Mfg. No.	Decibels	Frequency	Coverage Area	Amps	Wattage	Voltage	Cord Length	Contents
