IN-SIGHT* Touch-Less Electronic Towel Dispenser

Touch-Less Electronic Hard Roll Towel Dispenser. 1.75" Hub. Made of high impact plastic with a smoked transparent cover and gray back. Dispenser automatically dispenses a single sheet of paper when user's hand is placed beneath dispenser - reliable digital electronic dispensing. Dispenses one 8" diameter roll with 1.75" core plus a stub roll. Battery life of up to one year in a moderate use environment (up to 30 rolls). Choice of key activated spring latch or push button operation. Operates on four H227D size alkaline batteries or AC adapter. Dispenses high-quality, highly absorbent KLEENEX® and SCOTT® Towels.

- Features include adjustable sensitivity, sheet length, delay between sheets and low battery indicator light. No-touch dispensing system helps reduce the spread of dirt and germs. Incorporates a sleep mode to shut down unit when lights are out to conserve battery life.

Application: Ideal for high-traffic washrooms where controlling sheet length will reduce costs.
