Cylinder Storage & Cages

Gas Cylinder Storage Cabinets

Horizontal Cabinets safely store 20 and 33.5 lb gas cylinders of fuel, LP gas and other flammable materials on easy to access cradle racks. Vertical Cabinets safely store larger compressed gas cylinders in an upright position. All units have expanded metal sides, back and doors for ventilation and visibility of contents. Solid top and 1-1/2" x 1/8" angle iron frame.

- Hasp on doors for padlock
- Pre-drilled holes for lagging to floor
- Safety yellow powder coat finish
- When used properly, units are in full compliance with OSHA and NFPA standards
