Welding, Heating & Brazing Tips

MFA Heating Tips - Suitable for Victor® Torches - Fits 300/WH360 MFA Series Torch Handle

VICTOR®

For acetylene, hydrogen, MAPP, propane and LP gases.

Part No.	Size
0854079	#6
0854080	#8

Series W-1 Welding Tip suitable for Victor torches, fits 100/WH350 torch handles

For acetylene use when welding, heating, brazing and soldering.

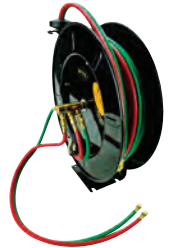

Part No.	Size
0854092	#0

Hose Reels

Oxy-Acetylene Dual Welding Hose Reel

BLACKSTONE®

65' of 1/4" twin welding hose

Part No.	Hose Inner Diameter	Hose Length	Pressure Rating	Style
0810990	1/4"	65 ft	300 psi	Twin Hose

Oxy-Acetylene Welding Spring Driven Reel

60' of 1/4" twin welding hose

Part No.	Hose Inner Diameter	Hose Length	Pressure Rating	Style
7059162	1/4"	60 ft	200 psi	Dual Ported Swivel NPT - Brass

Hose

Bulk Twin Hose

BLACKSTONE®

• For use with Acetylene Gas Only

Part No.	Length	Gas Type	Style	Type	Fitting Type
0810016	700 ft	Acetylene	Twin	Welding Hose	Female

*Manufactured by a Woman owned business

Single Hose

For use with Oxygen gas only.

Part No.	Length	Gas Type	Style	Type	Fitting Type
0810018*	750 ft	Oxygen	Single	Welding Hose	Female

* Supplied by a Woman-Owned Business.
