

Wire Wheels Cont.

Weiler® Stringer Bead Twist Crimped Wire Wheels

Stringer Bead Twist Wheels - Very Narrow Face - For hard-to-reach areas; primarily for weld cleaning.

Cable Twist Wheels - Maximum impact for extremely severe applications.

Weiler® Copper Center Crimped Wire Wheels

For use on portable tools, small diameter wire wheels are designed for efficient brushing action in confined or hard-to-reach areas.

- Small Diameter Wheels - Wire Fill. General purpose applications. Can be mounted in multiples.
- Deburring
- Rust, scale and carbon removal
- Cleaning internal surfaces and hard to reach areas
- Cleaning threads and boiler tubes
- Edge bending
- Cleaning and polishing I.D. & O.D. surfaces
- Finishing for appearance
- Roughening for adhesion
- Wide usage in aircraft, aerospace, naval and nuclear work

Weiler® Nylon Crimped Wire Wheels

Crimped Wire Radial Wheel Brushes - Mounted between oversized sideplates for a shorter trim length and more aggressive brushing action.

Nylon and Tampico Wheels - These brushes are well suited for lighter duty applications and greater brush flexibility. Both can be used for delicate, scratch-free brushing.

Part No.	Mfg. No.	Diameter	Arbor Size	Wire Size	Trim Length	Brush Material	Operating Speed	Style	Width

Weiler® Mini Crimped Wire Wheels

Weiler® began producing miniature brushes for the jewelry industry in 1898. The tradition continues today. Miniature brushes are designed for precision cleaning and light deburring in a variety of industries.

- Light deburring
- Blending surface junctures
- Hobby craft
- Wide usage in electronic miniature instrumentation, tool and die, aerospace, jewelry, computer, dental, optics and other precision industries

Part No.	Mfg. No.	Dia.	Arbor Size	Wire Size	Trim Length	Brush Material	Thickness at Face Plates	Operating Speed
0813919	26015	1"	1/8"	0.0050"	5/16"	Carbon Steel	1/8"	37000 rpm
0813920	26016	1"	1/8"	0.0050"	5/16"	Brass	1/8"	37000 rpm

Weiler® Encapsulated Stringer Bead Crimped Wire Wheels

Black Gold Polyflex® Encapsulated Stringer Bead Twist Wheels - Black Elastomer

- Extra Heavy-duty. Elastomer gradually wears exposing consistent short trim for maximum aggression and long life. For hot pass through cap pass weld cleaning.

Part No.	Mfg. No.	Diameter	Arbor Size	Wire Size	Trim Length	Thickness at Face Plates	Brush Material	Operating Speed	Style	Width
0814056	35800	4"	5/8"-11	0.0200"	7/8"	7/16"	Carbon Steel	20000 rpm	Stringer Bead	3/16"

Acid Brushes

Blackstone® Acid Brush

- Package of 10
