CUTTING TOOLS & METALWORKING

Ironworkers

62 Ton Ironworkers

All Baileigh Ironworkers utilize true vertical movement that has eliminated any sort of pivot and mechanism allowing for the smoothest punching station on the market. The extremely heavy-duty all welded integrated steel frame and vertical motion allow the operator to punch at full capacity with no jarring or vibration, allowing for reduced tooling costs and longer machine life. The SW-62 has a deep 8" throat. Stable, oversized work table with locking material guided are coupled with a very visible metered scale allowing for fast setup and aid the operator during multiple production runs.

- 5 fully integrated stations
- Smooth & quiet operation
- 7 sets of tooling for punching station included
- Manual back gage included
- Multiple other ironworkers available upon request

Part No.	Voltage	Phase	Throat Depth	Weight
0953918	220	1	8"	2310 lb
0953919	220	3	8"	2310 lb

Grinder Attachments

Belt & Disc Grinding Bench Grinder Attachment

- Belt grinding is smoother & cooler than wheel grinding
- Fits easily to most 6" or 8" bench grinders
- Rugged cast metal construction
- Simple assembly & adjustment
- Rubber contact wheel has grooves for cooling
- Easy belt tracking with no tools required
- Manufactured in New Zealand

Part No.	Belt Size	Disc Size	Model Compatibility
99397943	36" x 2"	7"	Most 6" or 8" Bench Grinders

Ironworker Notchers

Eccentric Cut Tube & Pipe Notcher

- No tooling changes up to 3" OD
- 1/2" min/3" max capacity
- Eccentric cut
- Perfect weld joints
- Angles and offsets
- 1" standard mill size
- 110 Volt

Part No.	Mfg. No.	Notching Angle	Notching Capacity	Notch Style	Operation Type
0953951	TN-800	0° - 60°	3"	Round	Manual
